

HOTEL WINSTAR  
*[A passion for Excellence]*

*Magic*

"There is so much more to a hotel than just a room for the night."

Finding a hotel that understands your needs and desires is rare. It takes a keen sense of who you are and what is unique about you.

At Hotel Winstar we know you—and if we don't, we will take the time to find out. We have created an environment and decor that is suited to a wide range of people's needs and tastes—but we don't just stop there. It is our passion to truly get to know you. We

won't you coming back over and over again. As far as we are concerned, the first time is just so we can introduce ourselves.

"It takes more to satisfy a soul than sleep  
—the way to my heart is food!"

At Hotel Winstar we have invested in the all important ingrediance to success—fine dinning and great food from a world class chef.

We don't pay lip service to quality, we embrace the subtleties of taste and have marinated every experience with rich mouth watering sauces. Our steaks are real, our roasted chicken is moist, our fish is fresh and our traditional dishes are authentic—with

just that extra bit of love thrown in to make them a tempting treat to come back to over and over again. What is more, we also cater for special events.

“Room for a business conference, weddings, parties or board meetings—you got it all!”

We have made room(s) for you to entertain or train in style—from a large 300+ person conference, to a small board meeting, we have you covered.

But what is a room without ambience and the facilities to match? We have a range of setup options to suit any need—a conference, a wedding, a board meeting, a sales meeting or even a party for you and your friends. Whether you need to watch the world

cup finals in style, or train the next world leaders or billionaire babies, Hotel Winstar should be your first choice conference partner.

"Come and experience the magic of Hotel Winstar for yourself."
